

## Request for Council Action

Originator Engineering	Item <b>Award Contract for the 2015-905 Pond Maintenance Project</b>
Agenda Section Consent Business	Date 11/16/2015
Description	

The City Council is requested to consider awarding the Contract for the 2015-905 Pond Maintenance Project. This Project includes dewatering, excavation and disposal of pond sediments and minor storm sewer maintenance at four ponds:

- St. Edward Pond, West 94th Street near Nesbitt Avenue South
- Add/Alternate 1: Hyland Hills Pond North, 9900 Dakota Road
- Add/Alternate 1: Hyland Hills Pond South, 9900 Dakota Road
- Add/Alternate 2: Kingsdale Pond, 9301 Collegeview Road

The ponds will be excavated to their original contours to restore the flood protection and water quality functions. Pond sediment samples were collected from each pond and analyzed according to Minnesota Pollution Control Agency protocols for metals and polycyclic aromatic hydrocarbons (PAHs). Sediments at each of the ponds exceeded the PAH levels acceptable for industrial re-use, such as fill or compost, and require disposal at a Municipal Solid Waste landfill.

Residents living in the vicinity of these sites will be notified of the pending construction and an informational meeting will be held in early December. Construction is anticipated to begin in late December 2015, with substantial completion by March 2016 and final restoration by June 2016.

Funding is available in the Storm Water Drainage Utility Budget under Fund 665545 and no assessments will be involved in the project.

The bid results for the 2015-905 Pond Maintenance project are as follows:

<b><u>Contractor</u></b>	<b><u>Bid Bond</u></b>	<b><u>Amount (Total bid including Add/Alternates 1 and 2)</u></b>
<b>Peterson Companies</b>	<b>5 %</b>	<b>\$306,969.40</b>
U.S. SiteWork	5%	\$319,795.30
Sunram Construction, Inc	5%	\$348,436.00
Veit & Company, Inc.	5%	\$367,441.00
Engineer's Estimate		\$408,870.50

References were checked and Peterson Companies is deemed a responsible contractor.

Prepared by: Steve Segar, Civil Engineer

Presented by (if needed): Shelly Pederson, City Engineer
